

DELIVERING TROUBLE FREE RESULTS LABORATORIES CAN TRUST

About ELITech Clinical Systems...

ELITech Clinical Systems is a global leader in BenchTop Chemistry Systems, with over 15,000 Chemistry Systems delivered. Our mission is to enable better medical decisions by bringing high-value diagnostic solutions and services to laboratories that are closer to the patient (proximity laboratories). ELITech Clinical Systems leadership originates from our ability to continuously provide differentiated products and services focused to meet the needs of proximity laboratories. ELITech Clinical Systems markets the Selectra Pro and Flexor EL analysers along with ready-to-use reagents, designed to deliver trouble free results laboratories can trust

| <ul style="list-style-type: none"> ✓ True workhorse with proven system reliability ✓ Support you can count on ✓ Best in class operator interface, easy to train, operate & maintain | <ul style="list-style-type: none"> ✓ Simplifies lab operations & reduces error ✓ Best vendor services, application & lab operations support ✓ Cost effective, minimizes labor & maintenance & waste | <ul style="list-style-type: none"> ✓ Designed with mistake proofing and error reducing capabilities ✓ Management of difficult samples ✓ Proven methodologies, referenced and traceable to industry standards |

The Selectra Pro and Flexor EL series builds on the established robustness and reliability of the current Selectra and Flexor systems, resulting from decades of proven experience in the design and manufacture of award winning BenchTop laboratory products. Together with a dedicated range of ready-to-use reagents from ELITech Clinical Systems, the Selectra Pro and Flexor EL series provide an ideal chemistry solution for laboratories that are closer to the patient. Over the past decades, the ELITech Group Companies have established a solid distribution network that operates world-wide. Thousands of customers have experienced the quality, convenience, reliability of ELITech products. Local support is provided by dedicated and well trained sales and service organizations.

- ✓ Broad range of chemistries
- ✓ Increased on-board stability
- ✓ Liquid stable ready-to-use reagents
- ✓ Proven methodologies referenced to industry standards
- ✓ New 2D bar coded reagents, calibrators and controls enable automated programming of assays
- ✓ Optimum sized packaging and flexible reagent containers

ELITech Clinical Systems reagents feature enhanced efficiency, streamlined operations and error reducing capabilities when combined to Selectra and Flexor analysers.
